To whom it may concern

Palmproducts sold by Bressmer & Francke (GmbH & Co.) KG are mainly trading products. We do not buy directly from oil mills or refineries in the palm growing countries. Our suppliers are traders, packers or refineries located in Europe.

We regularly ask our suppliers to provide their mill list. For 2021 please use following information:

Within the last 12 month we supplied 15660kg RSPO SG certified palm products, 60710kg RSPO MB certified palm products and none without certification.

We are sure with this information we provide transparency and trust in our responsibility for sustainability within the palmoil sector.
